Huws Gray launches Plant and Tool Hire at Fleetwood

Huws Gray, a leading national building materials supplier providing end-to-end solutions to tradespeople and the DIY market, is pleased to announce that its Fleetwood branch is now providing Plant and Tool Hire.

The Plant and Tool Hire offering is being rolled out at existing branches nationwide, with Fleetwood becoming the 87th site now providing the service. Customers can access an extensive range of leading brands alongside Huws Gray's wider services, all in one place. Huws Gray also provides tool repair and servicing, with customers able to hire equipment using their Huws Gray account.

Fleetwood represented a great site to provide this service as part of the continued rollout, particularly as there are limited hire options currently available in and around the area. Being well positioned to serve customers locally, the branch provides a high-quality selection of hire equipment at affordable prices. The Fleetwood site employs 18 colleagues, with the new offering creating an additional 3 roles. The branch originally opened as Builders Supplies in the 1990s, before joining the Huws Gray family in 2021.

As of today, the Fleetwood site now provides a broad selection of diggers, dumpers, and tools for every occasion, with a hire delivery radius of 50 miles. The site is located on 1 Kilbane St, Fleetwood FY7 7PF.

Jon Mugridge, Operations Director of Plant & Tool Hire at Huws Gray, commented:

"I am delighted that we have launched Plant and Tool Hire at Fleetwood, which met all of our criteria as part of the continued national rollout. The Fleetwood branch has been part of the Huws Gray family for many years, so it is a site that we understand well, and there is a lack of tool hire around the area, providing us

HuwsGrayGroup
Making Building Better

with a meaningful opportunity. We remain committed to delivering ease and convenience for our customers, providing all products and services under one roof, and the ongoing Plant and Tool Hire rollout represents an important part of this strategy.”

Notes to editors:

About Us:

Huws Gray Group is a UK leading building materials and solutions supplier, committed to making building better.

Founded in 1990 from a single branch in Anglesey, the Group has grown significantly over the past 35 years through a combination of organic expansion and strategic acquisitions.

Following the acquisition of several brands from Grafton plc in January 2022, Huws Gray now operates from over 350 trading and distribution locations, employing around 5,000 colleagues across the UK.

Huws Gray goes beyond supplying materials, supporting customers at every stage of the building lifecycle. From foundations to finishing touches, Huws Gray offers end-to-end project support for tradespeople and the DIY market, with a comprehensive product range including building materials, plant and tool hire, power tools, doors, windows, kitchens, bathrooms, plumbing and heating supplies, and bespoke manufactured lintels and roof trusses.

A premier national distributor of lintels, drainage, civils materials and insulation, and a leading timber importer, serving trade, and corporate customers.

Huws Gray Group are committed to making building better and offer sustainable choices across their product ranges.
